

6 CLEAN WATER AND SANITATION

Dhanalakshmi Srinivasan University (DSU) is pleased to present its annual report for 2023, showcasing our commitment to Sustainable Development Goal 6 - Clean Water and Sanitation. This comprehensive report details our initiatives, achievements, and contributions to ensuring access to clean water and sanitation, promoting sustainable water management practices, and fostering awareness of water conservation.

Water Infrastructure and Accessibility: DSU prioritizes the provision of clean and accessible water infrastructure across the campus. Continuous efforts are made to maintain and upgrade water facilities, ensuring that students, faculty, and staff have access to safe and clean water sources.

Sanitation Facilities: Our commitment to sanitation is reflected in the provision of well-maintained and accessible restroom facilities across the campus. Regular maintenance and hygiene protocols are implemented to ensure a clean and sanitary environment for everyone.

Water Conservation Awareness: DSU actively promotes water conservation awareness among students and staff. Awareness campaigns, workshops, and educational programs emphasize the importance of responsible water use and sustainable practices to preserve this vital resource. The waste water generated is continuously recycled and used for watering the plants.

Sustainable Water Management:

DSU implements sustainable water management practices to minimize water wastage and ensure efficient utilization. Rainwater harvesting systems, water recycling initiatives, and responsible consumption measures contribute to reducing the university's water footprint.

Local Community Engagement:

Recognizing the interconnectedness of water resources, DSU extends its commitment beyond campus borders. Collaborative initiatives with local communities focus on sustainable water management, sanitation awareness, and ensuring clean water access for neighboring areas.

Future Plans:

Implement water-saving technologies and practices.

Enhance sanitation facilities and hygiene protocols.

Expand water conservation awareness programs.

Strengthen partnerships with local communities for sustainable water management.

Explore innovative solutions for efficient water use on campus.

Dhanalakshmi Srinivasan University's commitment to Sustainable Development Goal 6 - Clean Water and Sanitation is evident through our focus on water infrastructure, sanitation facilities, water conservation awareness, sustainable water management, and community engagement. DSU remains dedicated to ensuring a clean and sustainable water environment within the campus and actively contributes to the broader goals of promoting access to clean water and sanitation in the community. "**Annexure SDG-6**" lists out various events and programmes organized and activities carried out by DSU pertinent to SDG-6.
